Master your future

RECOGNITION

SKILLS

COMPLIANCE

ADVANCEMENT

**IPA** INSTITUTE OF PUBLIC  
ACCOUNTANTS

The Institute of Public Accountants Program is delivered exclusively to IPA members by the Graduate School of Business of the highly regarded University of New England (UNE).

Jointly designed by the IPA and UNE, the IPA Program is the only Australian professional accounting body program that provides you with a globally recognised and accredited postgraduate qualification, allowing you to obtain a Graduate Certificate in Public Accounting and/or a Master of Commerce (Public Accounting); whilst allowing you to meet the educational requirements needed to advance your membership to Member (MIPA) status.

The IPA Program is conducted online. With no classes to attend, you can study at your own pace.

Recognition: you deserve it

The IPA Program identifies you as someone who is able to perform at an advanced level and who is committed to ongoing professional development.

Competitive skills edge

The course content is up-to-date and relevant, and study at the postgraduate level ensures you continually improve your knowledge and expand your expertise. It also boosts your confidence and empowers you both professionally and personally.

Compliance

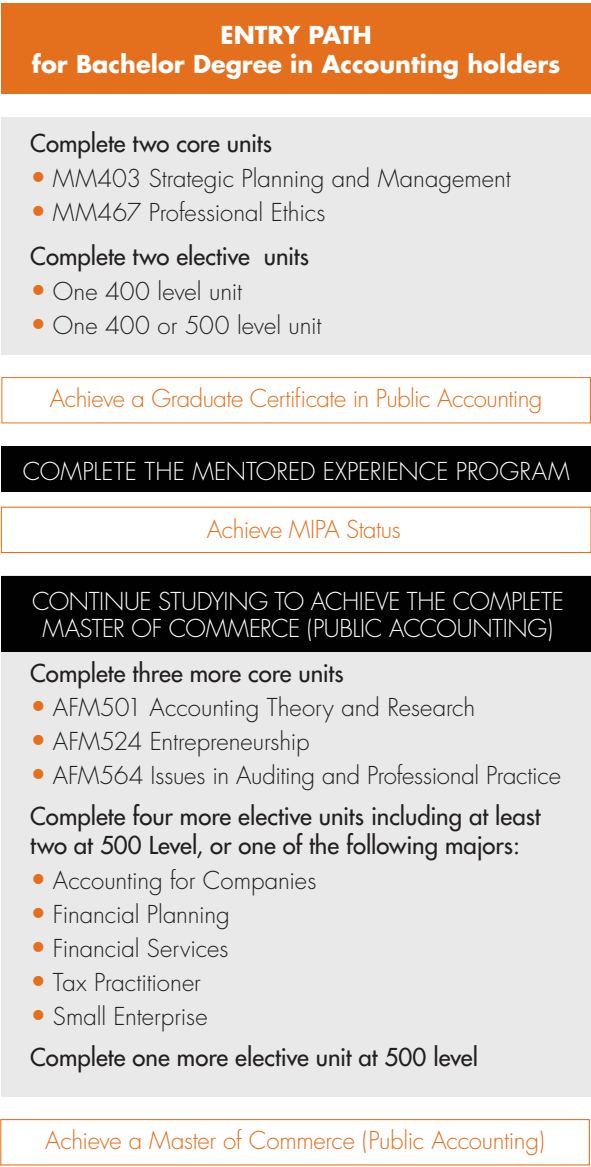

The completion of appropriate electives will contribute to certain qualification requirements for your registration as a tax agent, company auditor or financial planner.

Advancement

To advance to MIPA status, both the IPA Program and the Mentored Experience Program (MEP) must be completed. We encourage all members to enrol in these programs simultaneously.

Each subject in the IPA Program gains you 40 hours of Continuing Professional Education (CPE), allowing you to fully meet our CPE requirements.
