Frequently asked questions

1. What evidence do I need to provide?

If you hold an Australian eligible qualification with an accounting major, or if you are a current member of an International Federation of Accountants (IFAC) Member body, or if you hold a statutory registration with the Tax Practitioners Board (TPB) or/and Australian Securities & Investments Commission (ASIC), no evidence is required as long as you have provided information in your application. However, if the statutory registration is the ASIC Australian Financial Services Licence (both AFSL and Limited AFSL) and if it is under your entity's name, you are required to provide documentary evidence showing that you are the Responsible Manager. Members admitted under this pathway may be subject to audit as per the declaration made in section **H**

If you hold an overseas qualification or Australian qualification with a non-accounting major, you need to provide copies of award certificates and transcripts for assessment of eligibility for membership. Documents that are not in English must be submitted with a certified accredited English translation. Please also include any official Australian assessment of an overseas qualification, if you have any. Additional evidence may be required depending on your circumstances.

2. When is a practicing certificate required?

If you offer or plan to offer professional accounting and related services to the public for a fee, you may need to apply for a practicing certificate at the same time. This includes you being a partner, director, shareholder or owner of a business, billing under your own ABN, or acting in a statutory capacity such as an SMSF Auditor. Accounting and related services include but not limited to financial accounting services, taxation, auditing, BAS services, bookkeeping, financial and investment advice, insolvency and reconstructions, business or management consulting, superannuation advice, insurance and information technology.

If you are a registered BAS agent with the Tax Practitioners Board (TPB) and if you provide bookkeeping and BAS agent services only, you are required to apply for a Public BAS Practitioner Certificate.

If you provide accounting and related services and if your annual gross income exceeds or is expected to exceed the ATO tax-free-threshold, you are required to apply for a Professional Practice Certificate My Public Accountant (PPC - MPA).

Please contact your local IPA office on 1800 625 625 for further information.

3. What fees will apply?

You are required to pay a non-refundable application fee of \$150.00. In addition to the application fee, you also need to pay a membership fee.

The IPA membership subscription year is a financial year. Members admitted during the financial year will have their membership fees calculated on a pro-rata basis. Please see

www.publicaccountants.org.au/become-a-member/fees

4. How do I advance to full (MIPA) membership?

You must undertake and complete the IPA Program and the Mentored Experience Program (MEP). Your IPA Program pathway will depend upon your existing qualifications. Please refer to FAQ 6 for details on pathways.

5. How do I advance to Fellow (FIPA) membership?

You must have been a full (MIPA) member for at least 7 consecutive years, and have had at least 10 years relevant work experience (the last 5 years of which must be at a senior level). Members must provide a resume detailing their work experience (position held and duration, responsibilities and duties) when applying for advancement to FIPA.

6. What is the IPA program and why do I have to undertake the program?

The IPA Program is delivered exclusively to IPA members by the Graduate School of Business of the University of New England (UNE). Jointly designed by the IPA and UNE, the IPA Program is the only Australian professional accounting body program that provides you with a globally recognised and accredited university postgraduate qualification allowing you to obtain a Graduate Certificate in Public Accounting and/or a Master of Commerce (Public Accounting); whilst allowing you to meet the educational requirements needed to advance your membership to Member (MIPA) status. It is conducted online. With no classes to attend, you can study at your own pace and on your own terms.

Associate (AIPA) members must complete the IPA Program to satisfy the educational requirements for advancement to full (MIPA) membership. There are two IPA Program pathways – entry via

- a. an Australian Diploma of Accounting or an Advanced Diploma of Accounting – must complete the Master of Commerce (Public Accounting); and
- b. a Bachelor degree in Accounting – need only complete the Graduate Certificate in Public Accounting.

Completion of the IPA Program and the IPA Mentored Experience Program (MEP) is required for advancement to full (MIPA) membership.

7. What is the Mentored Experience Program (MEP)?

The Mentored Experience Program (MEP) is designed to provide a structured approach to your workplace learning and ongoing professional development. It is entirely a work-experience based program guided by a mentor and is a support mechanism for your career development. The purpose of the program is for you to work with a more experienced accountant who can guide and assist you in the early stages of your career. In the program you will complete suitable work experience and provide documentary evidence relating to a number of agreed areas of work activity under the supervision of a mentor.

The MEP is an important condition for advancement to MIPA level. Please see www.publicaccountants.org.au/students/mentored-experienceprogram.

PLEASE NOTE:

- If any information is incomplete or documents not submitted with the application IPA will be unable to finalise your assessment.
- We encourage you to speak to your IPA Divisional Office if you require clarification of your eligibility for membership or assistance with any aspect of this application process.
